

Google Code-In (GCI) - 2018

Dr. Mohit P. Tahiliani leads the GCI 2018 for ns-3 organization; has been a GSoC Mentor for 2017 and 2018

Google Summer of Code (GSoC) is a global program organized by Google Open Source team with an aim to introduce students to open source software development. The students are paired with mentors from open source organizations to work on a programming project. Dr. Mohit P. Tahiliani, Assistant Professor of Computer Science and Engineering, NITK Surathkal has been associated with ns-3 organization and has mentored two GSoC projects in the past two years.

No.	Name of the project	Project Link
1	Framework for TCP Prague Simulations in ns-3	https://tcp-prague-framework-gsoc-2017.github.io/
2	Implementation of AccECN and ECN++ in ns-3	https://ecnpp-accecn-gsoc-2018.github.io/

He is currently leading the efforts towards Google Code-In (GCI) 2018 as an Organization Administrator for ns-3. GCI is an attempt to introduce pre-university students (ages 13 - 17) to open source software development. It is a 7 week contest from October 23, 2018 till December 12, 2018. More details about GCI are available here: <https://codein.withgoogle.com/about/>
