Sub: Call for Proposals - Boeing Higher Education Relations Grant 2024 — reg.
Ref: Letter No. NITK/CDC/119/2022 dated 16.12.2022

Dear Ma'am/Sir,

With reference to the above, proposals for **Student Projects in aerospace and aeromodelling and Campus Outreach** and Regional Events were invited.

These events could be in the form of hosting students and thought leaders for a conference or symposium for learning and networking purposes. Workshops or lectures to introduce students to new areas of study or provide encouragement to pursue specific career path, Multi-student design project and competitions, with emphasis on team participation (R & D excluded). Help to provide faculty a greater exposure to and increase understanding of the educational needs of the aerospace like aircraft design and build projects.

Proposals are invited from interested faculty (with student engagement) under the **Campus Outreach and Regional Events-Boeing** head. The proposal should include details of the initiative, novelty of the study area, how it would encourage students to pursue specific career path, target participation, duration of the initiative, funding plan (INR 0.5 Lakhs to INR 1 Lakhs/proposal-approx) etc. **Proposals related to aerospace would be preferred.**

The proposals may be submitted at the HOD Office- Department of mechanical Engineering (hard copy) on or before 15 November 2024.

Thanking you,

Yours sincerely

(Prof. S.M Murigendrappa)
HOD -Dept of Mech Engg
